DELTA

Embodies minimalistic design inspired by the conical shapes found in nature. Available in various sizes, light sources, and finishes, it offers versatility for both hospitality and residential settings. Its three distinct families— 60°, 90° and 120° angles—allow for tailored lighting solutions that complement diverse interior aesthetics.

ANGELA

Angela is inspired by a playful yet sophisticated form, defined by the interplay of circular shapes and fluid repetition.

The design philosophy centers around versatility and the celebration of color, making it ideal for vibrant and creative spaces.
